DCPF Cares: Making a Difference

Supply Donations

The Foundation has continued to work with our partners to provide the best support for our officers and first responders! This week our friends at Walmart donated cases and gloves, sanitizer, wipes and paper towels so that the Foundation could build quarantine kits for our first responders. We wish our officers and families a quick recovery.

Starbucks Delivery

As the MPD continues to work each day, the Foundation recognized that they could use a morale boost and some extra support! We've arranged to have **Starbucks** open up a number of locations in DC to serve first responders. Starting with afternoon rollcalls yesterday, Starbucks delivered coffee to the patrol districts – and will continue to do so daily.

For non-patrol officers (including MPD civilians) or other officers working during this time frame, they can stop by three open locations between 7am and 6pm for a free tall hot or ice brewed coffee!

The Starbucks team has been amazing in supporting Coffee with a Cop over the years and this only further demonstrates their commitment to supporting first responders and helping during this tough time.

Operation Gratitude

We would like to send a big thank you to the amazing work of Operation Gratitude. The organization recognized that the officers desperately needed safety wipes, sanitizer and some extra energy. Within a week, they were able to donate pallets of the following items to support the police and first responders:

- Purell (15,000 travel size bottles)
- 5-hour Energy Shot (12,488+)
- 21 cases of Rescue Wipes (378 packs of 30 count wipes)
- 50 cases of Cliff Bars (7,200 bars)

In addition, they delivered bunches of thank you notes from volunteers and civilians who just wanted to let the police know how much they are appreciated. We are so proud to partner with this organization and cannot thank them enough.

If you would like to donate any supplies, meals or notes of appreciation to the MPD team, please contact the Foundation.
